

# Predict Chain

Matthew Pisano, William Hawkins

Spring 2023

## Related Work

*Please feel free to add any subsections as necessary to elaborate on different key facets of the related work. However, your writing must follow a cohesive structure (i.e., it should not read like an annotated bibliography!). But please include a table to compare specific attributes of the related work with your project. Use the references.bib file to include the citations in biblatex format.* [1]
